Dear Shareholder

RECOMMENDED PROPOSALS TO MAKE CERTAIN CHANGES TO THE COMPANY'S INVESTMENT POLICY

Introduction

As announced today, the Board is proposing to make certain changes to its investment policy to give the Investment Manager flexibility to invest in companies with greater market capitalisations.

This document explains the proposed changes to the Company's investment policy and why we believe these proposals to be in the best interests of Shareholders as a whole. Before the proposed changes to the Company's investment policy can become effective, the Listing Rules require the proposed policy to be approved by Shareholders.

We are therefore convening a General Meeting at which Shareholders will be asked to consider and, if thought fit, approve the proposed changes to the Company's investment policy. The General Meeting is to be held at 9.00 a.m. on 20 September 2013 at 10 St. Colme Street, Edinburgh EH3 6AA and the notice convening the General Meeting is set out at the end of this document.

Proposed changes to the investment policy

The Company's current investment objective is to achieve long-term capital growth by investing in mainly smaller Asian quoted companies. There is no intention to change this investment objective. However, in order to facilitate its achievement, permission is being sought to widen the definition of what constitutes a smaller company for the purposes of the Company's investment policy. The full text of the Company's current investment policy is set out on page 5 of this document.

From the launch of the Company in March 1995 until the end of July 2013, the Company's benchmark, Morgan Stanley Capital International AC Asia ex Japan Index, has increased by 149 per cent. and the value of the Company has risen by more than 940 per cent. to £263 million. At launch, the maximum market capitalisation of any individual holding at time of purchase was set at US\$500 million with allowance for up to 20 per cent. of the Company's net assets to be held in stocks with a market capitalisation of between US\$500 million and US\$1,000 million. In 2001, the market capitalisation for any individual holding was increased to US\$750 million. In 2006, on the basis that the market capitalisation of Asian stock markets had more than doubled since the Company's launch, these limits were raised to the current limits of US\$1,000 million for each individual holding with allowance to hold up to 20 per cent. of the Company's net assets in stocks with a market capitalisation of between US\$1,000 million and US\$2,000 million.

Given both the higher valuations now generally prevailing in Asian stock markets and the increased size of the Company, the Board believes that its investment policy should be amended to allow the Investment Manager to invest in stocks with a larger market capitalisation than they are currently permitted.

In this regard, it is noted that the Investment Manager is not even close to using the current allowance of investing up to 20 per cent. of the Company's portfolio in stocks with a market capitalisation of between US\$1,000 million and US\$2,000 million at the time of purchase. However, if Asian stock

markets continue to advance over the longer term and the Company's size grows alongside them, the Board believes it would be in their Shareholders' interests for the Investment Manager to have the flexibility to invest this 20 per cent. allowance into stocks with a market capitalisation of up to US\$3,000 million rather than the US\$2,000 million limit now prevailing. It remains the Board and the Investment Manager's expectation that a majority of holdings on purchase will be relatively small and continue to have a market capitalisation of under US\$1,000 million.

To allow an easy comparison to be made between the current and proposed investment policies, the full terms of each are set out on page 5 of this document (with the changes to the existing investment policy highlighted in bold).

General Meeting

As explained above, the changes to the Company's investment policy are conditional upon the approval of the Shareholders. Therefore, an ordinary resolution to approve the changes to the Company's investment policy will be proposed at the General Meeting. You will find the notice convening the General Meeting set out on page 7 of this document. The General Meeting will be held on Friday, 20 September 2013 at 9.00 a.m. at 10 St. Colme Street, Edinburgh EH3 6AA.

Action to be taken

Shareholders will find enclosed with this document a form of proxy for use in connection with the General Meeting. Whether or not Shareholders propose to attend the General Meeting, they are requested to complete, sign and return the form of proxy as soon as possible, in accordance with the instructions printed on it.

To be valid, the enclosed form of proxy must be lodged with the Company's registrars, Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol BS99 6ZY, as soon as possible, but in any event not later than 9.00 a.m. on 18 September 2013. The completion and return of the form of proxy will not prevent a Shareholder from attending and voting in person at the General Meeting.

Recommendation

The Board considers that the proposed changes to the Company's investment policy are in the best interests of the Shareholders as a whole. Accordingly, the Board unanimously recommends all Shareholders to vote in favour of the Resolution to be proposed at the General Meeting.

The Directors intend to vote in favour of the Resolution to be proposed at the General Meeting in respect of their own beneficial holdings of Shares (amounting to 309,460 Shares in aggregate representing 0.98 per cent. of the issued shares capital of the Company).

Yours faithfully

James Ferguson
Chairman

11.
